# Exhibitor manual

(preparation & installation instructions for exhibitors)

# Prepare, in time, your participation in Xenia 2019!

First of all, we would like to thank you for your participation in Xenia 2019 and wish you all great success! We kindly request that you read and follow the following instructions carefully, to help our efforts to prepare the exhibition's organization in the best and most effective way.

These conditions bind exhibitors, third parties, companies to be used during the construction, operation, dismantling of stands (stand makers, promoters, stand personnel).

#### Please pay particular attention to the following points:

- 1. MAXIMUM STAND HEIGHT: The maximum height of structures within stands should in no case exceed 4 meters.
- 2. FINAL STAND NUMBER: In the alphabetical list (pages 10-13) you will find your company's name and the final number of your stand. This final number may differ from the one in your contract but its location and the stand's dimensions remain the same.
- 3. FLOOR PLAN OF YOUR STAND: Those of you who would like to print out the enlarged plan for your stand, please visit www.xenia.gr, select "exhibition floor plan," download the PDF file and print out the exact location of your stand.

# **Stand Delivery & Construction**

#### 1. Finding your stand

The complete Layout of the exhibition Spaces and Stands is developed on pages 14 - 15 of this brochure. In the Alphabetical List of Exhibitors (pages 10-13) you will find your company name with a reference to the Hall, the aisle and the final number of your stand. By looking at this layout you can

easily locate where exactly your stand is located.

<u>Note:</u> The number listed in the Exhibitors List of this folder is the final number of your stand and is the number that should appear on the invitations you will send to your customers.

#### 2. Stand Delivery. Installation of exhibitors

Every exhibitor, before receiving its stand, must come to the exhibition Secretariat to settle its financial obligations towards the organizing company, as identified in the relevant Lease Agreement. Only then will it receive the Installation Note and the Exhibitor Free Passes

- Stand delivery, structure free (ground trace) will take place on Monday 18/11 from 3:00pm.
- Delivery to exhibitors of basic structure stands will take place on Thursday 21/11 at 08:00am.

### 3. Stand construction (building material deposition, set up times)

On Monday 18/11, 09:00-15:00, constructors may start unloading and depositing stand construction materials. Stand preparations will begin on the same day, at 15:00 up until 23:00, and will continue the next day, Tuesday 19/11, and up until Friday 22/11 from 07:00 to 23:00.

Note 1: All basic preparation work for the stands must be finished by 17:00 on Friday 22/11. Visitor aisles

are to be cleared from all construction materials and miscellaneous by the end of the day in order to facilitate the laying of carpeting at the halls.

Note 2: Gypsum constructions, the use of wood and/ or metal cutting as well as welding machines and the use of paint guns is not permitted on the exhibition center premises.

## 4. Stand supply – exhibit loading & unloading

In order to ensure smooth circulation of traffic during set up/dismantling times and for the duration of the trade show, special staff will be charged with directing and controlling truck traffic. Exhibitors can use the hall side doors in order to load and unload their products and construction materials. All responsibility for the handling of products and construction materials lies with the exhibitors. Trolleys and 2 forklift trucks will be available for specific cases and heavy loads. On Friday, 22/11,

parking will not be allowed between Halls 1&2, 2&3, 3&4 (regardless of the presence of parking accreditation cards). These entrances will be strictly reserved for the loading and unloading of products and construction materials. In the interests of smooth operations, all exhibitors must adhere to the instructions of each Hall's parking controller.

Note The aforementioned 2 forklift trucks will be used for the unloading of exhibits on a first come, first served basis.

#### 5. Supply of stands

During the operation of the exhibition, exhibitors and their staff can access their stands up to 2 hours before the opening hours by showing their Exhibitor Passes. Daily supply of the stands is possible during those specific two hours. Supply of stands during

the operation hours of the exhibition is forbidden.

<u>Note:</u> All exhibitors using a refrigerator truck, must obtain special license from the organizer in order to receive a specific parking space.

# Stand technical specifications. Extra amenities

#### 1. Stand fascia board Name of exhibitors

Exhibitors having standings with basic structure shall inform Forum SA (T.: 210 5242100). The name

on the fascia of the stand for the basic structure shall be printed in a specific font for all exhibitors.

# 2. Suspension of advertising banners from the ceiling

For the suspension of signage, exhibitors or their manufacturer should contact EXPOWORK by 01/11. Suspensions should be at a distance of at least 3m from the floor and in each case, 1m from any other element of the structure or column of the building. They must also be at a distance of 1m away

from each neighboring stand and be independent from the main structure. It is strictly forbidden for stands to be supported by any suspended points. Suspended structures may not be taller than 2 meters. Maximum suspension height is set at 6 meters for Halls 1, 2 & 3 and 7 meters for Hall 4.

# 3. Basic structure stand specifications. Furniture rental

Basic structure stands include:

- Aluminum structure
   3m high white PVC panel
- fascia sign A socket and a spotlight of 100 W/3 sq.m.

Contact EXPOWORK for more information.

Exhibitors are forbidden to puncture leather walls or aluminum crossbars. It is forbidden to paint these materials and to take any action that may wear them out. The same company leases furniture, showcases, shelves, etc.

# 4. Approval of plans. Exhibitor's obligations for the construction of the stand

The exhibitor is obliged, at the latest thirty (30) days prior to the opening of the exhibition, to notify the organizing company, the construction company of its stand, as well as to submit to the organizer the plans for its stand construction and shall bear the sole responsibility on behalf of its constructor in following the timetable for the construction and dismantling of the stand. In the event of failure to comply with the time schedule, the organizer has the right to burden the exhibitor with the individual costs arising from the violation of the timetable. The exhibitor is solely responsible for the acts and omissions of the constructor of its stand as well as of its subcontractors, both during the construction

of the stand and during its dismantling. It is also required, before the opening of the exhibition, for the manufacturer to submit to the organizer a Structural Integrity Certificate for its stand. The organizer is obliged within 10 days of receipt of the plans to approve or reject those plans in writing. The exhibitor is required to comply with the rules of procedure, the organizer's instructions and suggestions for changes in order for the plan to be accepted. If during the construction of the stand, it is found that the exhibitor has not complied with the suggestions, then the organizer has the right to intervene to ensure full compliance.

# 5. Restrictions on three- or four-sided stands

Exhibitors of three- or four-sided stands located in the first block (in the first row) of each Hall are required to keep the stand's structural elements and their exhibits at a maximum height of three meters from the facade and the perimeter thereof. Irrespective of position, all three- or four-sided

stands must have, 2/5 of each side adjacent to the exhibition aisles, structure-free or low-structured (max. 1.5 meters). In both cases, the corner support columns of the stand structure, which must not exceed 40 x 40 cm, are excluded.

# 6. Stand height differences with neighboring stands with which they share a wall

In neighboring stands that have a difference in height, the manufacturer must cover the difference in a decent manner without branding, by creating a white surface with a hard element (not carpet, not cloth). The stand that is shorter is allowed, following a mutual agreement, to paint out this difference.

<u>CAUTION:</u> Work on height differences must be completed 2 days before the opening of the exhibition.

# 7. Maximum allowed stand height

The maximum structure height is 4m. For stand structures between 3 and 4 meters, the exhibitor or the construction company should provide a Solemn Declaration from an engineer affirming the structural integrity of the stand. For smaller

structures, all that is necessary is a signed statement by the exhibitor. Stands located in the DIGI HOTEL and MEGATRENDS areas must have a maximum height of 3.5 meters and must be designed with transparency towards the area's stage.

# 8. Wheelchair ramps. Closing the sides of stands

All stands with a floor raised more than 3 cm must have a wheelchair ramp for people with disabilities. Exhibitors who have leased stands with three or four sides must keep at least 2/5 of any side adjoining a front corridor unobstructed (without wall or cover).

# Stand technical specifications. Extra amenities

## 9. Stand lighting. Extra power supply

All ground traced stands are entitled to a free singlephase electric power supply of 100 W/3 sq. m. The extra supply of single-phase or three-phase electric power for lighting or for any other use is at the expense of the exhibitors.

Exhibitors must contact EXPOWORK directly to

provide additional power or to rent light fixtures.

<u>Note:</u> For the permanent electrification of freestructure stands, you need to provide your installation electrician's permit as well as a relevant solemn declaration.

#### 10. Internet

Exhibitors who wish to have wireless or wired internet access should contact EXPOWORK 10 days prior to the opening of the exhibition. The cost of each wired connection is €170 for 3 mbps,

€230 for 6 mbps and €450 for 10 mbps, while the cost of each wireless connection is €42 (use of up to 3 devices).

# 11. Drainage and Water Facilities

The cost for water drainage and supply amounts to €243. Installation of drainage and water supply to a sink or any other appliance is charged an extra €58.50 for every connection. The charge for water facilities alone is €139.50. Drainage and water facilities at the stand should not be taken for granted; Supply depends on the exact location of

the stand and the piping routes to the pipe endings of the building.

All exhibitors wishing to have drainage and water facilities, should contact EXPOWORK by 01/11. The stands, which have drainage and water facilities and make heavy use (fats, etc.) must use grease traps.

# 12. Cooking at the stands

The exhibitors wishing to cook food that produces strong smells at their stands, must use an exhaust hood. They must have one cooking point and a connection, where the hood shall cover all burners, as well as the door opening of any stoves that may be used. The cost for connecting the hood with the exhibition center's exhaust system shall burden the exhibitor. The exhibitor must beforehand inform the organizer who reserves the right to approve the cooking, the cooking and hood installation process given the relevant specification are met. The organizer reserves the right to prohibit all

cooking if the hood's connectivity is not compatible with the exhibition center's exhaust system. ONLY electric stoves are allowed and exhibitors are not permitted in any case to use charcoal, flame, kilns or any other technology that requires an automatic fire extinguishing system. The cost for the exhaust hood and its connection with the motors and the use of exhaust motors is €600 + VAT/ connection channel and €100 + VAT/m hood. All stands using LPG or fryers must have an automatic extinguishing system and their charge is €150 + VAT/m hood.

# 13. Noise restrictions within stands

It is strictly forbidden for the exhibitor to use loudspeakers or various sound reproduction means in the stands, at any volume, as well as to use any kind of music. Parties, dancing and any other events that include music are strictly prohibited, even after the closing times of the exhibition.

# 14. Exhibitor Parking - Exhibition Buses

On the perimeter of the exhibition center there are parking spaces where exhibitors will be able to leave their cars free of charge by showing their parking passes, provided to them by the organizing company. Each stand will receive 1 parking pass. All stand staff will be able to park their cars at the visitor parking space, located in front of Metropolitan Expo center entrance (Lobby 2). Trucks at the exhibitor parking area are not permitted, with the exception of refrigerated trucks used to supply the stands during the operation of the exhibition. These refrigerated trucks should have special permission

to enter the premises, and shall be parked at specifically reserved spaces that provide power supply. Exhibitors must order the power supply at EXPOWORK at extra cost. The staff working at the exhibitors' stands will be able to reach the exhibition center by public transport, a shuttle bus service, free of charge, which can be used by showing the exhibitor pass and which will be running, for the days of the exhibition, from Doukissis Plakentias Metro station starting at 09:00am and on rotation every ten minutes, to and from the exhibition center and the airport.

# Security - Exhibition Cleaning - Safety of Exhibits

# 1. Security personnel

The exhibition during preparation, operation and dismantling will be guarded by EXPOWORK security personnel on a 24 hour basis. At the stands area

during the days of the exhibition, the exhibitors' staff must remain until the last visitors leave.

### 2. Cleaning

EXPOWORK shall undertake the cleaning of common areas and the floor of only the basic structure stands. The exhibitors are responsible for

the thorough cleaning of their stands and exhibits. Stands offering edible products should keep the aisles around them clean at all times.

#### 3. Fire Safety & Fire Extinguishers

Fire hose cabinets inside the stands should be visible, accessible and functional and the door of the FHC must be capable of opening at 180 degrees. Exhibitors are forbidden to cover them in any way. The organizer reserves the right to refuse

exhibits or cooking devices whose operation is not considered safe and may cause a fire. Additional fire extinguishers will be distributed by the organizing company to the stands where cooking takes place.

#### 4. Collection and removal of stand construction materials

Exhibitors bear the sole responsibility for collecting and removing all scrap materials that will result from the construction and dismantling of their stands. Please note that the organizing company will charge stand manufacturers with €0.40/m2 + VAT for using

the waste collection containers during construction and dismantling. It is a basic obligation of the constructor, after the end of the exhibition, to remove in a timely manner all construction materials of the stands and to leave the place exactly as it found it.

#### 5. Insurance of exhibitors and exhibits

The organizing company provides full liability insurance for the entire exhibition. In accordance with exhibition operation regulation and the terms for participation- exhibitors shall be fully liable for the safety of their products/exhibits and personnel during the preparation, operation and dismantling

of the exhibition (for accidents, theft, fire, etc.). For this reason, all exhibitors must be insured to cover the above risks. During the exhibition times, each exhibitor must supervise its exhibits, as the organizing company is not responsible for any damage or loss.

# Exhibition Closing. Stand dismantling & exhibit removal

#### 1. Exhibition Closing. Removal of valuable items and exhibits

The exhibition will close its doors for visitors on Monday, November 25, at 19:00. After that time, exhibitors and their staff should ensure the safety of their exhibits. For that reason, we suggest exhibitors remain at their stands until all exhibition visitors have left the exhibition center. In the meantime, exhibitors can pack and assemble their exhibits at a corner of their stand. As they leave, exhibitors must take with them all valuables (laptops, cellphones,

tv screens, coffee machines, etc.). Exhibitors who wish to remove their exhibits during the evening of the same day, should do it on their own means and no later than 02:00. Trucks used by exhibitors will be able to approach the halls only after 22:00. Until that time, trucks shall remain at a specified parking space (D ROAD), where they will be guided by the parking personnel.

## 2. Stand dismantling. Final removal of all exhibits

On the next day (Tuesday 26/11/2019 and time 07:00) all the doors of the Halls will be open for the removal of the exhibits from all stands. From that time onwards, it becomes practically impossible to safeguard the space and the exhibits. Therefore, all exhibitors should have one person from their staff at their stand at all times, until their final departure.

Exhibitors will have two (2) days at their disposal for dismantling, from Tuesday 26/11/2019 (from 07:00 to 23:00) to Wednesday 27/11/2019 (from 07:00 to 15:00). During dismantling, 2 forklift trucks will be at the exhibitors' disposal, exclusively for the unloading of their exhibits..
