COOKING INSIDE THE STAND

In case of cooking/frying/grilling, the Exhibitor must inform the Organizer in advance. The exhibitors who wish to grill or fry inside their stand meat, fish, potatoes, croquettes etc., which produce intense odor, are obliged to accept the installation of an exhaust hood, in order to absorb the odor and pay the relevant costs.

COSTS & SPECIFICATIONS FOR COOKING

When liquefied gas and/or deep fryer are used, the exhaust hood must be equipped with an Automatic extinguishing system. The exhaust hood should be bigger than the burner and the burner should be closed at all three sides. The exhibitors' contractor will have to take the exhaust hood into consideration and make space for the installation. The capability of odor absorption should not be taken for granted and the organizer retains the right to prohibit cooking to exhibitors who do not comply with the requirements.

CONNECTION COST: 750 € + VAT.

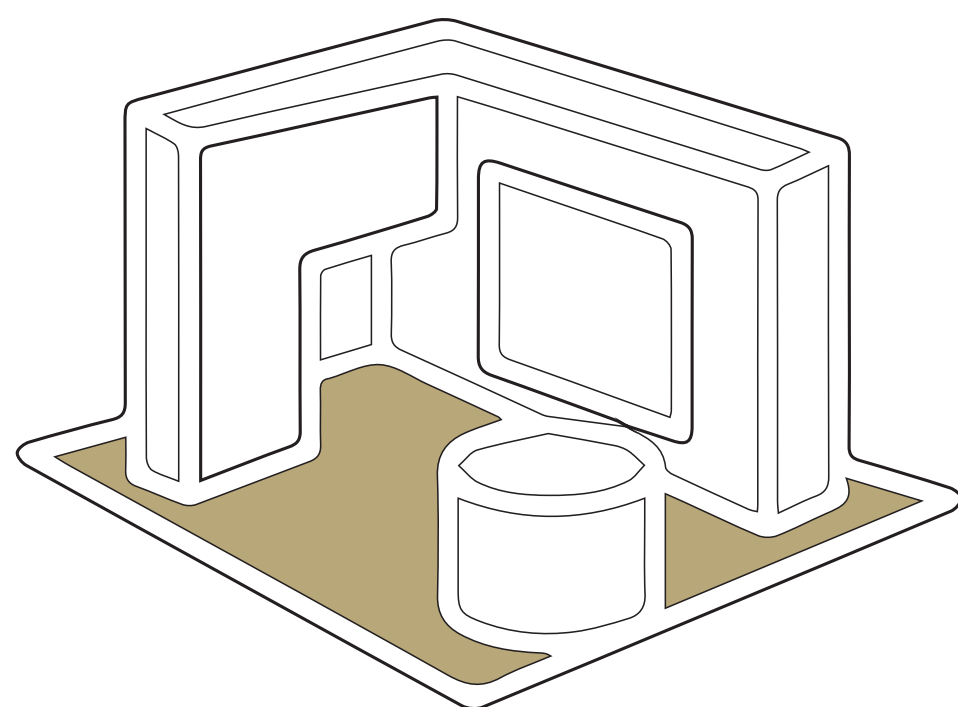

EXHAUST HOOD COST: 100 € + VAT.

AUTOMATIC EXTINGUISHING SYSTEM COST: 150 € + VAT.
